Hiring Committee
Department of Mathematics
Wright State University
Dayton, OH

To the Hiring Committee:

My name is Paul Gustafson. I am a graduate student at Texas A&M University, working in category theory with applications to topological quantum computing. I expect to receive a Ph.D. from Texas A&M in August 2018, under the direction of Eric Rowell. I would like to apply for a postdoctoral position in your department.

I look forward to working with Jared Culbertson of AFRL on constructing a category of hybrid dynamical systems with applications to robotics.

Please let me know if there is anything else I can provide. Thank you in advance for your consideration.

Sincerely yours,
Paul Gustafson
Texas A&M University
